Our new convenient
stiff or getting older

YuMOVE One-A-Day premium makes a difference in three ways: soothing joint health and promoting mobility. Thanks to ingredients like the world's top Green Lipped Mussel.

- Tasty one a day chew
- Aids stiff joints
- Supports joint structure
- Promotes mobility

5 signs that your dog may need joint support:

- Is your dog starting to lag behind on walks?
- Are they more reluctant to walk, jump and play?
- Is your dog sleeping more?
- Do they seem stiff or have trouble getting up after a rest?
- Are they looking uncomfortable

These can be signs that your dog's joints need the extra support YuMOVE One-A-Day provide.

How do YuMOVE One-A-Day support your dog's joints?

YuMOVE One-A-Day are packed with the finest quality active ingredients, including our very special ActivEase® Green Lipped Mussel which only need to be given once a day. They work in 3 ways.

*Study conducted by Royal Veterinary College.

Tasty one a day chew

- YuMOVE One-A-Day use the same, well-loved, tasty formula but come in a handy, tasty chew, that your dog will love.

Aids stiff joints

- ActivEase® Green Lipped Mussel from the crystal clear waters of New Zealand provides an increase in joint mobility which is proven to soothe stiff joints. Sourcing and strength make all the difference – ours contains 4x more than standard versions.

Support joint structure

- High strength Glucosamine provides the major building blocks of cartilage – the tough connective tissue
- Natural Chondroitin found in ActivEase® Green Lipped Mussel helps to maintain healthy cartilage
- Manganese supports collagen formation in the cartilage, tendons and ligaments.

Promotes Mobility

- YuMOVE One-A-Day, contains a unique form of Hyaluronic Acid – only ours is proven to reach the joint. It helps to lubricate and cushion the joint. Vitamins C & E are antioxidants which neutralise free radicals, helping to reduce inflammation.
